7. Young Professionals Forum (YPF)
   • The CESA YPF consists of Young Professionals from within member firms that are passionate about the engineering industry and are interested in ensuring the sustainability, growth and promotion of the profession.
   • The YPF has a primary aim, the promotion, mentoring and assistance of young engineers to achieve professional registration and positions of leadership within CESA.
   • Membership of the National YPF is voluntary and is open to both engineering graduates and professionals under the age of 35 who are employed by CESA Member firms.
   • CESA promotes the importance of effective mentoring using recognised frameworks such as those developed by ECSA.

8. Quality Management Systems
   • Member firms are required to have a recognised Quality Management System in place as a condition of membership.
   • CESA gives members support in attaining this objective through the provision of recognised training and guidelines.

9. School of Consulting Engineering (SCE)
   • The CESA School of Consulting Engineering offers cutting edge, change driven training courses, seminars and workshops that will address the ongoing challenges in the industry for consultants, their clients and others in the built environment to enhance business, professional and entrepreneurial skills.
   • These courses are CPD accredited enabling engineers to stay abreast of developments and retain their professional registration.

10. International Business Development
    • CESA has identified opportunities and requirements for firms to export their services internationally via the Built Environment Professionals Export Council (BEPEC).
    • BEPEC provides strategic advantages in marketing and accessing projects in Africa and internationally.
    • BEPEC’s strategic partners include: CESA; ASAQS (Association of South African Quantity Surveyors) and SAA (South African Institute of Architects), the ACPM (Association of Construction Project Managers) and SABTACO (South African Federation for Civil Engineering Contractors), MBASI (Master Builders South Africa), SAPOA (South African Property Owners Association).
Who is CESA?
- Consulting Engineers South Africa represents the consulting engineering industry and related professionals.
- CESA currently has in excess of 450 member firms that collectively employ approximately 18000 staff and generate some R15 billion in fee income annually.
- CESA is a proud member of FIDIC (International Federation of Consulting Engineers).
- CESA is a member of GAMA (The Group of African Member Associations of FIDIC).
- CESA is ISO 9001:2000 certified

CESA’s Mission
- To raise the profile and expand the influence of Consulting Engineers while improving the quality of life of all South Africans.
- To assist our members in serving their clients with professionalism, integrity and independence of judgement.
- Promote the business interests of member firms.
- To be the voice of the consulting engineering industry.
- To be a centre of excellence.

Our Vision
To be the organisation of choice representing the business needs of Consulting Engineering enterprises and their clients.

BENEFITS OF MEMBERSHIP

1. Advocacy
- Industry challenges are tackled through collective advocacy at the local, provincial, national and international levels of government.
- CESA assists its members in negotiating contract conditions; resolving contractual disputes; interpreting conditions of contract, rules and regulations and also liaising with government and other industry bodies on contractual and legislative issues.
- Promoting best practice procurement methodologies focusing on the value and quality of the service rendered.

2. Networking & Knowledge Sharing
- CESA stages a number of local and international events throughout the year where significant networking and learning opportunities are always prevalent, not only for member firms, but also client related organisations and CESA’s Partners.
- These events include regional visits, meetings, international trade missions and conferences (a calendar of events hosted by CESA can be found on the website: www.cesa.co.za)
