

Collaborating with other organisations

The collaborations between the CESA and peer organisations are open and ongoing continuous communication. This relationship building amongst our industry stakeholders is very important to the success and achievements of our goals. The collaboration includes but is not limited to the following:

Collaboration with other Built Environment Professional organisations:

ACHASM	Association of Construction Health and Safety Management
ACPM	Association of Construction Project Managers ^{S9167}
ASAQS	Association of South African Quantity Surveyors
ILASA	Institute for Landscape Architecture in South Africa
SABTACO	South African Black Technical & Allied Careers Organisation
SAIA	South African Institute of Architects

Collaboration with other organisations

IMESA	Institute of Municipal Engineers of Southern Africa
SAFCEC	South African Federation of Civil Engineering Contractors
MBSA	Master Builders South Africa
SAPOA	South African Property Owners Association
PROCSA	Professional Consultants Services Agreement Committee
GBCSA	Green Building Council of South Africa
