

Port and Coastal  
Engineering  
Presentations

"I now see the importance of engineering  
and thank you again for your generosity  
and patience in helping me explore a  
career path in engineering"

Victoria and Alfred  
Waterfront Tour with  
Director Phil Smith

"I really enjoyed the experience of being a  
marine engineer"

"The programme was really well organised  
and planned"

## PRDW & CESA YPF Job Shadow Initiative! June 2014

"..helped me realize I have a keen interest in  
engineering "

"I particularly enjoyed designing the two ports  
as it was something I have never done before"

### 2 DAYS...6 LEARNERS...

Learners presented their final port  
designs to the rest of the office

"Thank you again for giving me this valuable  
learning experience"

Port Task: Designing a Port in Spain, Coruna, with  
all the knowledge gained from the presentations
