

## ADOPTION OF 2016 IMBIZO RESOLUTIONS

# ADOPTION OF IMBIZO RESOLUTIONS

## 1. Committed to and Passionate about the profession

- ✓ What are YOU doing to be an agent of change
- ✓ Actively participate and not just be involved
- ✓ Get back to doing the business of Engineering
- ✓ Effort to understand OUR industry; Discover what we do (read, listen, learn) → inspire people and future generations to take interest in the profession.

## 2. Adapt to changes in the industry

- ✓ Evolve with the times
- ✓ Embrace innovative technologies that are green and self sustainable
- ✓ Challenge yourself, think laterally.

## 3. Embrace Diversity in our industry

- ✓ More compassionate = better understanding of challenges = suitable solutions implemented
- ✓ Assist with transformation – minimize prejudice by creating equal opportunities for all (males, females, people of colour, etc.)
- ✓ Ignorance is not bliss – “By choosing to be ignorant and silent, you are choosing to consent to the wrong” (

## 4. Rediscover your passion

- ✓ “You can’t solve everyone’s problems until you Engineer your own problems”
- ✓ Be an all rounded Engineer – Love what you do to be a happy Engineer
- ✓ Understand Principle of Polarity – Your mindset that sets you free
- ✓ Eradication of corruption – morals, value system, ethical, integrity

# ADOPTION OF IMBIZO RESOLUTIONS

WE ARE THE VOICE AND FUTURE OF ENGINEERING TODAY. WHAT ARE WE DOING TO ENSURE WE ARE MORE VOCAL ABOUT ISSUES THAT AFFECT US THUS ENSURING THE SUSTAINABILITY AND INTEGRITY OF OUR PROFESSION?”

“If you are not actively participating or contributing towards the change you want to see, then you have no business or right to complain”

# THANK YOU FOR LISTENING AND ATTENDING
