

CESA Job Shadow Initiative 2019

A DAY IN THE LIFE OF A CONSULTING ENGINEER

PHUMULANI SECONDARY SCHOOL KATLEHONG

#TeamLekwa hosted twelve learners from Phumlani Secondary school in Katlehong. The day started with the learners at the Lekwa Consulting Engineers office, where they were given a tour around the office and interacted with different Young Professionals who took them through their day to day duties in the office. The learners were then transported to the Nelmapius ext 22 site to explore everything that they were taught in the office.

BODIBENG SECONDARY SCHOOL KROONSTAD (Motivational talk)

#TeamLekwa visited Bodibeng Secondary School to conduct a motivational talk to 56 learners. Our team of Young Professionals interacted with the students on topics such as Engineering Disciplines, Civil Engineering, Institutions of Higher learning that offer Engineering and requirements.

BRACKEN HIGH ALBERTON

#TeamLekwa hosted 5 Maths and Science Matriculants from Bracken High. They explored both the office and the Nelmapius ext 22 site. The learners were very excited to see the drawings in the office and the actual structure on site.

GLENBRACK HIGH SCHOOL ALBERTON

#TeamLekwa hosted twelve learners from Glenbrack High. They started their day with the office tour, they had a round table discussion with the Managing Director(SAICE JHB Award winner: Engineer of the year) of Lekwa Consulting Engineers, Mr. Kibiti Ntshumaelo and the Young Professionals. They were then taken to explore the Nelmapius

HOËRSKOOL ROODEPORT ROODEPORT

#TeamLekwa hosted twelve grade 10 and 11 learners from Hoërskool Roodepoort. The Learners explored both the office and the Nelmapius ext 22 site. They were exposed to presentation in the office about Engineering while engaging through questions and discussion with the YPF.

Lekwa Consulting Engineers PTY Ltd hosted 41 Learners from 4 schools for the Job Shadowing Initiative and also visited two schools to conduct a Motivational Talk to 116 Learners, in order to allow the Learners to experience 'A day in a Life of a Consulting Engineer'. Engineers, Technologist and Technicians provided an insight into Engineering Concepts. Whereby, we were explaining the cycle of the project as stated in ECSA Guideline for Engineering Services and Processes.

"Develop a passion for learning. If you do, you will never cease to grow."

Anthony J. D'Angelo
