Liability

Getting Started

- Users need to login to the CESA Website
- Members can request individual User Names and Passwords for staff members to access the (restricted) Member Menu. They will not have access to company declarations and other company confidential information
- Questions and comments can be logged online and will be redirected to the appropriate expert
- Practice Notes will be updated on a continual basis, e.g. with the new ECSA Fee Guidelines, and also with comments received, so preferably do not download them to company servers for staff
