# **A CALL FOR DIVERSE AND COLLABORATIVE LEADERSHIP**

Stronger Together to Secure a Sustainable  
Future for All!

**By David Leukes, President of CESA**

# LEAD WITH VISION AND PURPOSE

- »» Recognise our role in the global engineering community
- »» Foster collaboration and knowledge sharing
- »» Address the brain and talent drain
- »» Strengthen ties with international engineering organisations

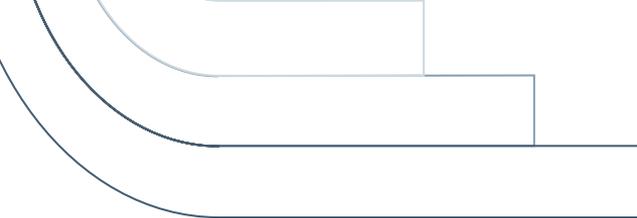

# THE AGE OF INNOVATION AND SUSTAINABILITY

- »» Shape physical and social landscapes
- »» Promote advocacy
- »» Promote sustainable development
- »» Embrace digital and automation transformation
- »» Invest in education and training for the digital era
- »» Foster innovation

# TIME FOR ACTION, TIME FOR URGENCY!

- »» Translate policy into action
- »» Collaboration between government and private sector is KEY
- »» Urgency for government to address investment inhibitors
- »» 2024 – A Watershed Year
- »» Fast-track key projects
- »» Explore innovative financing models

## ADDRESS CRITICAL INFRASTRUCTURE CHALLENGES

- » Significant impact on citizens
- » Severe consequences for business
- » Foster transparency, accountability, and good governance practices across municipalities
- » Mitigate cable theft, vandalism

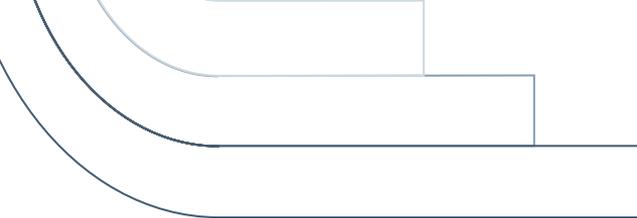

**“LESS TALK, MORE WORK!”**

# FAILURE IS NOT AN OPTION

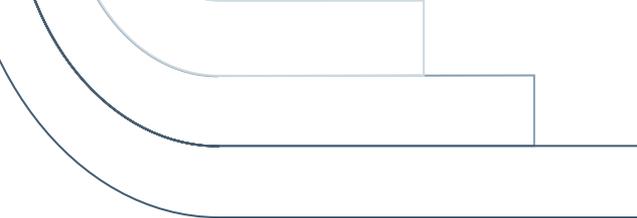

- »» Infrastructure development is non-negotiable
- »» Robust procurement regulatory framework is CRITICAL
- »» Non-negotiable: Transparency, fair competition, and adherence to industry standards
- »» Presidency MUST take sound advice before signing legislation into law such as NHI, Procurement Bill

## IMPLEMENTATION IS KEY

- »» Robust procurement regulatory framework CRITICAL
- »» Transformation legislation MUST be reasonable, rational and have consistent criteria
- »» MORAL imperative not just legal
- »» Safeguard against corruption

## LEAVE NO ONE BEHIND

- »» Protect Lives and Livelihoods
- »» Reduce Unemployment
- »» Prioritise an inclusive approach to infrastructure
- »» Focus on economic inclusivity for job creation
- »» Champion sustainability

# EMPOWER EXCELLENCE TOGETHER

## OUR MEMBERS, OUR INDUSTRY PARTNERS

- » Drivers of positive change
- » Pillars of expertise
- » Bound by a code of ethics
- » Hold ISO accreditation

## UNIFIED DEVELOPMENTAL AGENDA

- »» Collaboration is key
- »» Culture of shared responsibility
- »» Reaffirm our commitment to infrastructure development
- »» Mobilise collective expertise and resources
- »» Must be committed to excellence

**Together We Can Go Far, Even Further  
Than Our Most Ambitious Dreams**

# Guiding Principles

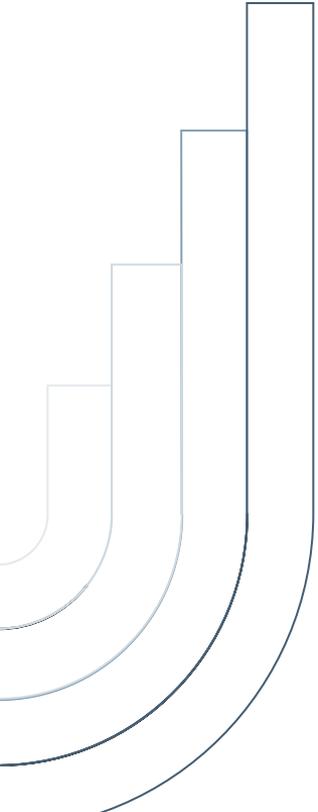

- »» Collaboration
- »» Commitment
- »» Service

---

**Become Stronger Together  
to Secure a Sustainable Future  
for All!**

---

**THANK YOU**
