

MPAMOT JOB SHADOW DAY INITIATIVE

DBN OFFICE: SIVANANDA TECHNICAL HIGH SCHOOL

At MPAMOT, we believe in the importance of nurturing and inspiring young talent. The DBN office had the incredible opportunity of inviting several learners from Sivananda Technical High School to our offices and to one of our exciting sites in construction! The day commenced with an exciting site visit to the **Maritime School of Excellence**. Accompanied by our experienced engineers, the students explored the cutting-edge facilities and gained insights into the field of consulting engineering.

After a morning of exploration, the students were **welcomed back to our Durban office** for a delightful lunch. Amidst the warm camaraderie, they **engaged with our team of engineers, technologists, and experts**, who shared their personal journeys and the diverse opportunities that engineering offers.

MARITIME SCHOOL OF EXCELLENCE

With eagerness and enthusiasm, students accompanied our engineers as they worked on various projects, **witnessing firsthand the problem-solving, creativity, and dedication that engineering demands**. From drafting plans to analyzing data, the students were exposed to the multifaceted world of engineering.

INSPIRING THE NEXT GENERATION

Our day of exploration at the Maritime School of Excellence and the immersive job shadowing experience in our office were a testament to our commitment to inspiring the next generation of engineers. We are honored to have played a part in **kindling the passion for engineering** in these students' hearts. As they embark on their academic journeys, **we stand ready to support and encourage them every step of the way**. Together, we will build a world where innovation thrives, and dreams become reality.
